

REMARKS

Claims 1-31, 33, 34, and 37-45 are pending, claims 32, 35, and 36 having been cancelled and claims 38-45 added by the above amendment. The "90%" limitation of claim 32 is incorporated into amended claims 29 and 31. The limitations of claim 1 are incorporated into claim 37, which is rewritten as an independent claim. New claims 38-44 depend from claim 37 and add limitations derived from claims 3, 4, 9, 13, 17, 18, and 20, respectively. New claim 45 adds a step to the method of amended claim 34, which added step was included in claim 34 as originally presented. This step derived from claim 34 as originally presented is also added to the specification. The remaining amendments to the claims eliminate multiple dependencies and clarify what Applicants consider to be the invention. No new matter has been added.

Applicant submits that the claims are now in condition for allowance, which action is requested. If there are any additional charges, or any credits, please apply them to Deposit Account No. 06-1050.

Respectfully submitted,
